SUMMARY

I am a student interested in carpentry and engineering. I enjoy building things, working with my hands, and solving problems. In my free time, I like learning about computer science and technology.

EDUCATION

Richland High School

Expected Graduation: 2028

EXPERIENCE

Woodworking Project

- Built a small woodworking project using measurements and basic tools.
- Practiced safe tool use and project planning.

Construction Planning

- Created simple project plans and material estimates for class activities.

TECHNICAL SKILLS

Carpentry
Basic woodworking
Measuring and layout
Tool safety
Problem-solving
Teamwork
Communication
Time management

CAREER GOALS

My goal is to pursue a career in carpentry or engineering and continue developing practical skills through hands-on experience.
